

# Call Rejection

There are some calls you just don't want to receive. Avoid those callers with Call Rejection.

## How to use Call Rejection:

- To block unwanted calls, lift the receiver, press **\*60** and follow the recorded instructions to enter the phone numbers of "unwanted callers."
- When an unwanted caller attempts to call, a recorded message indicates that you are not accepting calls.
- Even if you do not know the unwanted caller's number, Call Rejection can be activated immediately after hanging up from their call. To activate, lift the receiver, press **\*60** and follow the recorded instructions.
- Up to 15 numbers can be stored on your unwanted callers list. Works with most local and some long-distance numbers within your area.
- To temporarily deactivate Call Rejection, press **\*80**.

Available in most areas. Some restrictions apply.
